(start time is approximate and will begin after business meeting)

- **Chaplains & CACs: Effective Collaborations to Address the Spiritual Impact of Abuse**
Dozens of studies have found that abused and neglected children are spiritually impacted and that addressing these spiritual injuries can have a profound impact on the medical and mental health of a child. In 2013, GNCPTC proposed that CACs consider incorporating a chaplain into CAC or MDT responses to child abuse. The Julie Valentine Center in Greenville, South Carolina is the first CAC to hire a chaplain as a victim assistance specialist. This session will address the research that supports this work, how a CAC can incorporate a chaplaincy program, and lessons learned from JVC's first two years of implementation.

2019 SCNCAC Proposed Membership Meeting Schedule:

February 8, 2019

April CAC Day - TBD

June 14, 2019

August 16, 2019
